1. PROJEKTOWANY BUDYNEK HALI ŚRODOWISKOWO-SPORTOWEJ

2. 26 STANOWISK POSTOJOWYCH SAMOCHODÓW

3. 2 STANOWISKA POSTOJOWE SAMOCHODÓW DLA OSÓB NIEPEŁNOSPRAWNYCH

4. TEREN PRZEZNACZONY NA BOISKO SPORTOWE

5. DROGA KOŁOWA WEWNĘTRZNA (nośność 100kN/os)

6. CIĄGI PIESZE

7. OPASKA BETONOWA WOKÓŁ BUDYNKU

8. UTWARDZONY PLAC DLA KONTENERA NA ŚMIECI

9. ISTNIEJĄCE ZBIORNIKI BEZODPŁYWOWE NA ŚCIEKI

10. ISTNIEJĄCY BUDYNEK SZKOŁY PODSTAWOWEJ

KOSZE NA ŚMIECI

ZIELEŃ WYSOKA

ZIELEŃ ŚREDNIA

TRAWNIKI I ZIELEŃ NISKA
- The site plan illustrates the proposed layout for a school sports and environmental hall. The main building, labeled 1, is a large rectangular structure with a central area marked with a crosshair and the text $\pm 0.00 = 104.45$ P.P.P. The building is surrounded by a concrete apron (7) and a circular driveway (5) with a radius of $R11.0$. The driveway is flanked by a pedestrian path (6) and a parking area (2) with 26 spaces. A secondary parking area (3) for disabled vehicles is located near the entrance. The plan also shows existing features: a primary school building (10) to the left, a waste container area (8) to the right, and several existing stormwater basins (9) along the perimeter. The site is landscaped with various types of vegetation, including high, medium, and low greenery, as well as lawns. Dimensions and elevations are provided for various elements, such as the 30.52m wide entrance, the 48.40m long building, and the 11.75m wide driveway. The plan also shows the location of trash bins (1) and a small utility area (4) near the school building.
